about action TESA

The Action Group is a 44 year old Conglomerate with a leading presence in the Footwear, Steel & Power, Chemicals, Real Estate, Health Care & Electronics. Now the group has forayed into manufacture of Engineering Panels under the brand name - **Action TESA**

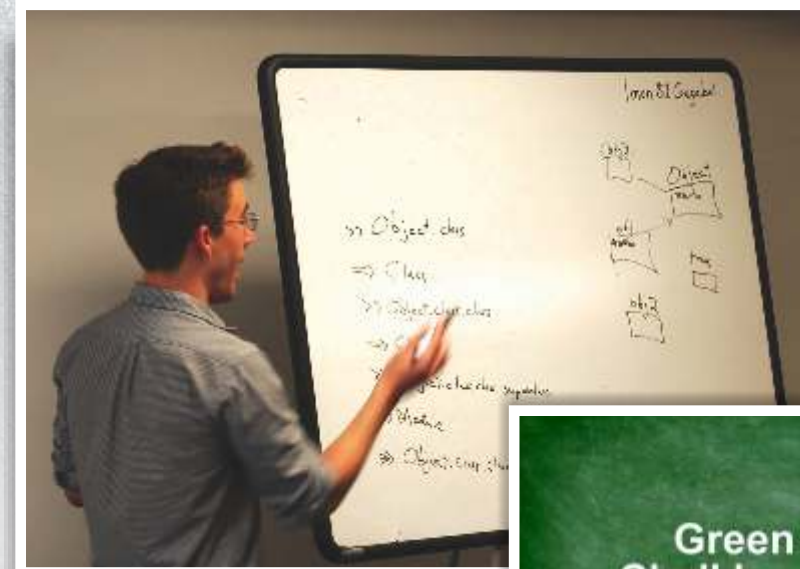

Action TESA has many milestones to its credit. It has installed the first thin MDF / HDF plant in the country as well as the largest particle board plant. The company has also introduced to the country DOME Technology unique to every product. It has also the first company in India to manufacture True HDF Based Laminate Wooden Flooring. Action TESA offers a host of value added products that include MDF & Particle Boards, Door Skin, Embossed HDF, UV Coated Board and Printed Decor Board

about TESA Marker Board

One Side Gloss and Other side Green Chalk Board

Action Tesa introducing Marker Board, where one side is White Gloss and other side is Green. It has considerable high strength & stiffness as we adopt high quality (10 head sanded) MDF panel, melamine impregnated paper and Ultra Violet (UV) and other special paints as base materials.

Dual
Side Board

Outstanding characteristics

- High glossy surface
- High Scratch Resistance & Long Life
- Anti-aging panels with resistance to color fading.
- Bright and wide panels with natural white color
- Manufactured with special paints and technology that makes it non- reactive with the chemical of marker board pen ink. Due to its non-reactive action with ink chemical, it guaranteed the clarity of board after erasing the written matter.
- The TESA marker boards are very easy to clean with a soft cloth and leave no mark after the erasing. Tip of the marker pen remain safe, as the surface is soft and good for writing.
